29	can do over 3 days	16/03/2021 20:37 PM ID: 162235505
28	I would like to have the course materials to be available for participants after the course.Also it would be great if we can record our own performance to keep improving till exam day	16/03/2021 17:37 PM ID: 162219809

27	Limit number of observers within each Viva session. Would be good to get a few present examiners to discuss how best to approach and answer the vivas, and if possible, to have the viva sessions with present examiners/ in the last 2-3 years.	16/03/2021 15:34 PM ID: 162202350
26	N/A	16/03/2021 14:23 PM ID: 162191162
25	Ideally less lectures and more practice time.	16/03/2021 13:52 PM ID: 162185448
24	Would like to be marked along with the feedback	16/03/2021 13:17 PM ID: 162181075
23	Extend the course to 4 days. May be lectures in the morning and vivas in the afternoon for each subspecialty.	16/03/2021 13:06 PM ID: 162179762
22	As an observer the virtual setting of the course is very useful as allows the observer to move from room to room without interrupting the delegates. As a delegate I think the face-to-face format would be more useful and much more like the real exam experience	16/03/2021 09:51 AM ID: 162155696
21	I would be more prepared with my theory	15/03/2021 11:41 AM ID: 162077975
20	Clinical examination was a bit unclear from both faculty and delegate side. (Obviously understand it is challenging for faculty to be both the patient and examiner at the same time)	12/03/2021 17:42 PM ID: 161956809
19	Can we get a set of pictures. Just so we can see them later and continue practicing. Record the lecture bit and watch again.	11/03/2021 22:39 PM ID: 161886169

16	Rhinoplasty assessment session if present would have been helpful. Most other topics were covered	11/03/2021 18:49 PM ID: 161869721
15	Some more time for the lectures - maybe increase course to 3 days	10/03/2021 22:00 PM ID: 161753971

13	when virtual...would split it for 2 hrs a day evenings over a period of time	10/03/2021 20:09 PM ID: 161749320
12	Nothing. Lectures in the morning good. Practicals in the afternoon. Keeping the vivas as close the exam format as possible is good.	10/03/2021 20:06 PM ID: 161749120
11	-	10/03/2021 16:59 PM ID: 161734091
10	Would be useful to have a lecture on exam technique (for answering questions within the exam)	10/03/2021 16:56 PM ID: 161733776
9	Perhaps add an extra 5 mins for room turnaround time purely to have some give in the system. Perhaps a lecture on all the ENT classification systems...seems to be favourite topic of all viva stations! ?? ent radiology	10/03/2021 16:51 PM ID: 161733165
8	Excellent course, well organised and zoom worked really smoothly. Some improvements - timing of the clinical stations on day 1 (where the total time is shared between 2 delegates, the group I was in did not manage the time very well, so 2nd candidate did not get as many scenarios). It would also be really helpful if there was a small session on how to verbalise/approach these stations. For example, a faculty member being asked by another faculty member so we know what level is expected. But otherwise, this course has been outstanding and really helpful to guide my revision from now on. Thank you	10/03/2021 16:43 PM ID: 161732243

25	i thought zoom worked well and was well organised. the breakout rooms we also well organised. it saved hotel stay and transport cost. significant co2 savings when taking account of all the people involved	16/03/2021 20:37 PM ID: 162235505
24	this time is great, personally i would like to do it again virtually i hope i have a discount next time lol!	16/03/2021 17:37 PM ID: 162219809
23	As above - thought the zoom set up was great!	16/03/2021 15:34 PM ID: 162202350
22	This course is the best	16/03/2021 14:23 PM ID: 162191162

21	Zoom worked really smoothly without the need to travel	16/03/2021 13:06 PM ID: 162179762
20	Thank you an excellent and informative course. The faculty were all very knowledgeable and ran great lectures and sessions. It ran well as the zoom/virtual set up especially as an observer. However as mentioned above the F2F element would have more of an impact for delegates on the course. Is there scope for a hybrid course in the future? Having video feedback can be helpful following mock session and could be considered for future courses.	16/03/2021 09:51 AM ID: 162155696
19	It was simple and nice.	15/03/2021 11:41 AM ID: 162077975
18	Was wonderful and well organized, not anyway inferior to face to face.	12/03/2021 17:42 PM ID: 161956809
17	Natasha was lovely. I wish she were my real examiner.	11/03/2021 22:39 PM ID: 161886169
16	To give extra time for feedback. The virtual set up is excellent. The paediatric session unfortunately had to cover many topics which the speaker was not able to complete during the time allocated.NA Overall an excellent course	11/03/2021 21:49 PM ID: 161883069
15	I am really impressed with the smooth flow at which the whole course was conducted.	11/03/2021 21:11 PM ID: 161880945
14	Excellently organised with the break out rooms	10/03/2021 22:00 PM ID: 161753971
13	Excellent course! One of the most meaningful I have attended for myself. Though complex to arrange, Jai and team.made it seamless! Thank you so so much and congratulations to the team!!!	10/03/2021 20:37 PM ID: 161750766
12	It was amazing to see the course well organized over the virtual platform with an unfaltering accuracy .Congratulations and many thanks to Mr Jaiganesh and his team	10/03/2021 20:09 PM ID: 161749320
11	Sunday practice session was very useful!!	10/03/2021 20:06 PM ID: 161749120
10	That was perfect	10/03/2021 16:59 PM ID: 161734091

9	Very surprised at overall how smoothly it all went. Linda's helpful messages regarding time for feedback/room changeover are useful. The messages did disappear fairly quickly and there was no alert sound to make you aware a message had been sent, so if you were busy in the station you didn't see it, and they didn't come up in the chat box. So a quiet alert sound attached may have been useful...although it may have put others off.	10/03/2021 16:51 PM ID: 161733165
8	I thought the breakout room on Zoom was fantastic.	10/03/2021 16:28 PM ID: 161730408
7	No concern at all	10/03/2021 15:50 PM ID: 161724892
6	Can the recording of the talks be made available to candidates please	10/03/2021 15:32 PM ID: 161722419
5	_	10/03/2021 15:24 PM ID: 161721175
4	Very well organised even in this current COVID-19 situation	10/03/2021 15:08 PM ID: 161718827
3	There were trainees/non-trainees NOT taking the Viva next month who were given delegate positions. And trainees/non-trainees taking the exam next month who were given observer positions. I understand 1st come 1st serve but I booked the day I got Part 1 results and still didn't get a delegate position. Also, this meant: a)Candidates who need most are not being tested (and very few courses running right now). b)Absolutely no learning value in observing a lesser-prepared candidate. Prioritisation would have been good and is done on other courses.	10/03/2021 15:08 PM ID: 161718794
2	I hope we can get the video recordings of the lectures in Day 1 hope the course fees would be reduced next time.	10/03/2021 15:04 PM ID: 161718093
1	Worked well	10/03/2021 14:38 PM ID: 161714481
